

Secumar DV 150N Life Jacket

Its compact and ergonomic design makes it a very light jacket offering a great freedom of movement. The protective stole and the buoyancy chamber are independent and can be changed independently if worn.

Applications

- Suitable for high seas. For the wearers of foulweather clothing.

Features

- Two tones whistle with cord
- Multi-language instruction, service label
- Transport bag
- 300 cm² of M3 reflective strap
- Equipped with an oral valve
- Automatic inflator SECUMATIC 3001S
- Automatic activation as the SECUMAR pills are in contact with water
- Three green indicators show readiness of the inflation device
- buoyancy chamber system: bright yellow buoyancy chamber in navy blue protective cover
- The torque lock (Positorque®) prevents autonomous release of the CO₂ cartridge due to shaking and vibration. Three indicators for all 3 necessary requirements: SECUMAR pill inserted, CO₂ cartridge inserted correctly and release lever secured correctly.
- The service badge on the waist belt shows you at a glance when your life-jacket should be serviced again in the SECUMAR service.
